## Copenhagen Pride Celebrates the Right to Love

Copenhagen Pride is a human interest organization and we strive to create visibility and equality for lesbians, gays, bisexuals and transsexuals in Denmark.

The organization creates visibility via its annual festival, where we celebrate lesbians, gays, bisexuals and transsexuals with a week of culture, politics and parties.

Copenhagen Pride welcomes all sexualities, sexes, ages, ethnicities and religions. The organization co-operates with other organizations and interest groups, in order to achieve equality and tolerance in the areas, where lesbians, gays, bisexuals and transsexuals are still discriminated against by the rest of society.
